

### **REMARKS**

Applicants express appreciation to the Examiner for consideration of the subject patent application. This Response is in reply to the Notice of Non-Compliant Amendment (“NCA”) mailed May 29, 2007. The objections raised in the NCA have been addressed herein: the claims have been presented in ascending numerical order.

In order to correct the minor defects in the Preliminary Amendment submitted April 24, 2006, Applicants have re-filed, as claims 43-65, the same claims submitted in the Preliminary Amendment. The claims have been indicated herein as “new:” however, the claims are identical to the claims identified in the Preliminary Amendment as claims 1-42 (but for claim numbering).

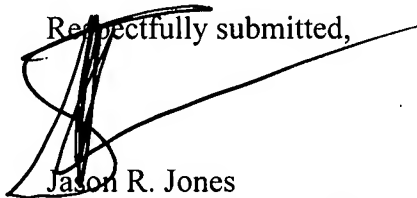

## CONCLUSION

In light of the above, Applicant respectfully submits that pending claims 43-65 are now in condition for allowance. If any impediment to the allowance of these claims remains after entry of this Amendment, the Examiner is strongly encouraged to call Jason R. Jones at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

The Commissioner is hereby authorized to charge any required fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 20-0100.

DATED this 11<sup>th</sup> day of July, 2007.

Respectfully submitted,

A handwritten signature in black ink, appearing to be "Jason R. Jones", is written over the typed name.
